GUIDEWIRE SOFTWARE ANNOUNCES INSURANCE TECHNOLOGY SERVICES AS NEW CONSULTING ALLIANCE PARTNER

Texas-based insurance consulting and services firm becomes latest Guidewire PartnerConnect™ Consulting alliance member

DALLAS, Texas and FOSTER CITY, Calif., August 15, 2017 —— Insurance Technology Services (ITS), an insurance consulting and services firm specializing in the design, implementation, and utilization of technology across all segments and lines of business, and Guidewire Software, Inc. (NYSE: GWRE), a provider of software products to Property and Casualty (P&C) insurers, today announced that ITS has joined Guidewire PartnerConnect™ as a *Consulting* alliance member at the Select level.

ITS helps complete Guidewire InsuranceNow™ implementations, delivers value-add solution and technology offerings, and provides guidance on industry best practices in support of Guidewire customer success in the Americas. In addition to their general consulting services, ITS offers a suite of programs in the areas of testing, data migration, and end-user training that have been customized for Guidewire's implementation methodologies.

"ITS worked closely with ISCS before the company's acquisition by Guidewire, and we are pleased to now be a part of the larger Guidewire partner community through our membership in PartnerConnect," said Chris Belle, president of ITS. "We look forward to continuing to serve the Guidewire user community and contributing to their success through our innovative application of people, processes, and tools."

"We are delighted to expand our relationship with ITS by welcoming them as our latest Consulting alliance partner," said Steve Doss, director, Global Alliances, Guidewire. "ITS's ability to manage and reduce risk with their agile teams of industry and technical expertise will be a valued addition to the Guidewire PartnerConnect™ network."

Guidewire PartnerConnect - *Consulting* partners provide consulting services such as business transformation and strategy, implementation, as well as related delivery services. Complementing Guidewire services consulting resources, our consulting partners provide additional Guidewire trained and certified consultants.

About Insurance Technology Services (ITS)

Based in Dallas, Texas, ITS is an insurance consulting and services firm specializing in the design, implementation and utilization of technology to optimize critical business processes and achieve exceptional results. With practices focused on property and casualty (P&C), life and health (L&H), data services, and training and development, ITS serves insurance organizations of all sizes across the country. ITS provides implementation support (including project management, business analysis, testing and data conversion), process improvements (including PMO establishment, quality assurance and production support), and change management (including training, organizational change planning and business process reengineering), as well as proprietary insurance platforms for automated functional testing and data migration. ITS helps insurance organizations manage and reduce risk by deploying agile teams with exceptional insurance and technical expertise to streamline implementations and boost the capabilities of existing IT staff.
